

QUALITY HEALTH CARE IS NEARBY

no matter your insurance status or ability to pay

- PRIMARY DOCTOR
- BEHAVIORAL HEALTH
- DENTAL
- CHILDREN'S HEALTH
- PRENATAL SERVICES
- VISION
- WOMEN'S HEALTH

Health care is confusing for everyone. 504HealthNet is here to help you navigate the system. Here are a few common questions:

WHEN SHOULD I GO?

- Everyone should have a relationship with their doctor. You should visit your clinic once a year for a wellness checkup.

I DON'T HAVE INSURANCE, HOW DO I PAY?

There are a few options:

- FINANCIAL AID:** CHCs offer payment plans if you are unable to pay your bill at one time. They will work with you!
- SLIDING SCALE:** If you are uninsured, what you will pay depends on how much money you make so that care is affordable.
